"Our Mission"

Inspired by the principles of Islam, the mission of Dhahran Ahliyya Schools is to empower each student to be a compassionate, thinking, lifelong bi-lingual learner, who makes a positive difference locally and globally.

"Our Vision"

Our vision is to provide a world class education with an Arab and Islamic identity through a pioneering learning community that is sustainable and socially

Our school is supervised by the Ministry of Education and accredited by The Commission on Accreditation and School Improvement (NCA CASI)

We dream & We Achieve

On Monday morning, September 25th, 2023, Dhahran Ahliyya Schools celebrated the 93rd anniversary of the Saudi National Day. At 6:30 am, a great number of staff, students along with their families were actively present to enjoy the various events and corners of this dear occasion such as tent & hospitality, photography, heritage, painting, students' participations, a corner to express the spirit of belonging to the homeland and the national music corner.

International Informatics Olympiad

We extend our congratulations to our student in the 12th grade, Hamid Al-Hudhali, for winning the bronze medal in the International Informatics Olympiad, which was held during the period 08-15-2023 to 09-04-2023 in Hungary.

Congratulations to our student Hamid and all those who supported and encouraged him, including fellow teachers, academic support, and school employees. Congratulations are also extended to our principal in the Girls' section Mrs. Lama Al-Akkas for her son's recent victory.

It is worth noting that during the current academic year, our students have accomplished many remarkable achievements in the Saudi scientific teams in the subjects of mathematics, biology and informatics.

Junior Balkan Mathematical Olympiad

Our students in the 10th grade, Elias Shaker Al-Faraj, won the silver medal in the Junior Balkan Mathematical Olympiad on June 23/28/2023. It is a competition organized by the Balkan countries in which male and female students, who are not older than 15 years old, at the start of the competition. Each team participates with no more than 6 students. The competition takes place in one day.

Congratulations to our students, wishing them more success in their future endeavors.

International Biology Olympiad

Our student in the 12th grade, Raed Faisal Talabah, has won the bronze medal in the International Biology Olympiad that was held in the UAE on 13/7/2023.

This competition is considered one of the most rigorous international Olympiad competitions around the world that include many categories such as mathematics, physics, chemistry and biology. It is held annually in summer and hosted by any of the 100 participating countries.

Congratulations to the winners!

Unannounced Evacuation Drill

In the schools' interest of the safety and wellbeing of our students and employees and guided by our strong commitment to applying the safety measures, we have conducted an unannounced evacuation drill on Sunday morning 3/9/2022 at 8:00 AM. This practice aimed to provide theoretical training and practical application of safety procedures for our students and employees of our schools and to improve their readiness when evacuation is needed, as soon as possible & to the highest levels of safety.

The practice was successfully conducted and evaluated by DAS faculty, staff and the students, as well. Another practice will be conducted in the coming weeks to make the best use of the evaluation and the feedback provided for improvement.

Thanks, and appreciation to all the teachers and employees who carried out the evacuation drill and followed the instructions.

General Parents' Meeting

On Tuesday night, September 5th, 2023, the general parents' meeting was held and attended by a number of mothers, fathers, DAS faculty and staff as well as the volunteering students.

The program of the event started in the Multiroom with an opening speech to welcome the attendees as well as extending the greetings of Mr. Khaled Al-turki and Dr. Sally Al-turki to the families and school employees, then introducing the new teachers followed by a PowerPoint presentation of the schools' academic programs, and then another presentation of the many achievements of the employees and students at our schools.

After that, the second part of the program began with the parents being classified to visit the school clusters of their children according to the level grades to meet with the teachers and the administrative staff at the various places for the programs related to standardized tests, college consulting, service programs, student activities, and academic programs for some specializations.

Thanks, and appreciation go to all colleagues, employees and students at our schools, for their dedication, generosity, good planning, and accuracy of implementation, which was reflected positively. Parents expressed their gratitude for the effective and fruitful partnership with the school.

The Saudi Champions Won the Innovation Award and were Nominated for 5 other Awards in Singapore

The Formula 1® Program in schools is one of the most prominent global educational programs, as it aims to raise awareness of the STEM subjects (science, technology, engineering, and mathematics).

It also challenges the students' abilities and inspires them through a program based on a combined approach. This program covers topics such as physics, aerodynamics, design, manufacturing, brand building, graphic art, sponsorship, marketing, leadership skills, working in groups, media skills and financial strategies. Students then apply what they have learned in a practical environment full of creativity and competition, simulating Formula 1® teams in miniature.

The champions of Saudi Arabia who will represent the nation next September in the finals of the "Formula 1® in Schools" competition participated among 56 other countries.

Within the ORYX team, they won the Innovation Award and were nominated for 5 international awards out of 16 awards for 68 teams. Those students are: (Saba Uday Al-Mulla, Mai Mukhallad Al-Harbi, Yasser Ali Al-Saif).

Congratulations!
