MYP Service as Action Program

Service and Action is an integral component of the IB's Middle Year Program at Dhahran Ahliyya Schools and a mandatory requirement for all students. It is learning by doing and experiencing through which students build authentic connections between what they learn in the classroom and the challenges they encounter in the community. Through their responsible actions for helping the community, DAS students will develop their IB learner profiles. It is DAS' belief that this constitutes the basis for success inside the classroom and in real life, and making a positive difference, locally and globally, as described in DAS mission.

Grades 6 to 10 (with the exception of grade 8 who will be taking Community Projects) will have Service and Action as part of their class schedule and we invite you to contact the Service and Action Team should you wish to share with us opportunities in which the students could provide a service to the community.
